

FORM 14: Program or Course Access Email Template

From Riz & Oriah:

When someone enrolls in your course, they've made a sacred investment in their path. Don't just send a link—send a transmission. Let your welcome email reflect the energy of your entire program.

You're not just giving access. You're opening a portal.

◆ COURSE ACCESS EMAIL TEMPLATE ◆

Subject Line Options:

- Welcome to [Course Name] – Your Access Details
- You're In – Let's Begin Your Sacred Journey
- Your Course Begins Now – Bookmark This Email

Body:

Dear [Student Name],

Here you are. Thank you for your payment toward your new future. Your sacred journey begins now.

This course isn't just information—it's activation. It's a space for deep alignment, creative flow, and spiritual leadership. The decision to join wasn't just financial—it was energetic. And we honor that.

Here's everything you need to begin:

ACCESS DETAILS:

- Course Title: [Insert Course Name]
- Start Here: [Insert direct course link or download page]
- Password (if needed): [Insert]

What You'll Need:

- A journal or notebook (you'll be writing a lot!)

- Space to reflect, move, and integrate
 - A quiet space each week to go through the material
 - Your phone or webcam for optional self-video responses (helpful for personal review)
-

Two Monthly Live Calls:

You'll receive an email each month with your Zoom link to join our live Q&A calls with Riz or Oriah. These are your chance to go deeper, get real-time feedback, and expand in community.

Reminder – Honor System:

Please do not share this course material without purchase. We trust our students to keep this sacred and support the work by honoring the exchange.

This is your invitation to reclaim who you are—and why you came.

We'll be walking beside you every step. You're not just in a course. You're in your next initiation.

With reverence,

Riz & Oriah

Red Eagle Universal Inc

INSTRUCTOR NOTE TO STUDENTS:

Create a version of this email in your course platform (Wix, Teachable, Kajabi, etc.) or automate it via Zapier. You can also customize this for specific modules or digital downloads.
