

FORM 16: Certificate of Completion Template

From Riz & Oriah:

Completion is a ceremony.

Whether you're launching your first offer or simply reclaiming your sacred path, the moment you complete this 12-week portal is significant. It means you stayed. You listened. You walked forward.

We want you to have something to show for that—not just a file, but a reminder: *You did this. And your work is real.*

Use this template to generate a professional, printable certificate for your [students](#). We will use this course as an example, but we do not offer certifications at this time.
